[Audiences And Intentions A Book](#)

"It is a book about three psychological principles and about what happens to young people when parents and educators—acting with the best of intentions—implement policies that are inconsistent with those principles." In my opinion, it is also a book every American concerned with the future of our nation's public discourse and

that emphasizes each particular reader's reception or interpretation in making meaning from a literary text. Reception theory is generally referred to as audience reception in the analysis of communications models. In literary studies, reception theory originated from the work of Hans-Robert Jauss in the late 1960s, and the most ...

There are many different reasons an institution will ban a book. The magic in a fantasy novel can be construed as anti-religious, or the language in a novel can be considered too mature for younger audiences. No matter the reason, banned books intrigue audiences and tempt readers as soon as they are restricted. Some of the top banned books throughout the last century include:

She wants read-with-the-lights-on kinds of stories for young audiences. Tales from the same magic stuff as Goosebumps. Something she looks for in books is the idea that people make the scariest monsters sometimes. Sarah looks for non-fiction too! Her main interests are historical pieces and memoirs, but she's open to anything that's a solid read. Some of Sarah's
